

Public Relations Committee Report
October 2008

It has been 12 months since we launched our new website. We continue to tweak, edit and upgrade the site.

We know that our members are using the website based on the number of emails we receive from members who forget their passwords or we see have modified their own password.

Completed Updates:

For those members who are not able to recall their username and password they will now be able to recover it automatically from the website. They will click on the “forget my password” you will be asked for your email address and then the information will be emailed to the user

Added members email as a quick link from member directory

We have added a tab “Meetings and Conferences” – this will allow users to find information more efficiently. The information was formally found under Member Centre as a sub tab. The information will be removed from this area.

Revamped the membership application to be more applicable to information required

Posted 2007 JIM editions

.Updates in Progress:

Posting of information pieces such as survey results

Document Library – framework is complete – files still to be posted
