

PLEASE JOIN US IN TEXAS FOR THE AAIM 2006 ANNUAL MEETING!

On behalf of the American Academy of Insurance Medicine, I have the pleasure of inviting you to join friends and colleagues in San Antonio, Texas for the AAIM 115th Annual Meeting, October 7 – 11, 2006.

Our meeting is being held at The Westin La Cantera Resort, a beautiful resort situated in scenic Texas Hill Country. The Westin La Cantera Resort is about a 20-minute drive from the San Antonio Riverwalk and is also conveniently located just 12 miles from the San Antonio International Airport.

This year's AAIM Scientific Program Committee has planned a diverse program that will combine the best of our industry experts with the best that the academic community in and around San Antonio has to offer. Topics that will be covered in the program include:

- Hypertension
- BNP
- Prostate Cancer & PSA
- Congenital Heart Disease
- ECG Pearls
- C-Reactive Protein
- Cutaneous Lymphomas
- CBC Pearls
- Medico-Legal issues in Insurance Medicine

The highly anticipated intercompany mortality study findings from both the MMLC Build Study and the MMLC Diabetes Study will also be presented from the platform. And, as always, our meeting will feature afternoon workshops that emphasize the practical mortality and morbidity implications of several topics in a smaller group setting.

The social program will begin Sunday afternoon with a bus tour of the San Antonio area including stops at the legendary Alamo and the highly popular Riverwalk area. Optional social activities will include golf at the resort's championship course and a tour of the beautiful San Antonio Botanical Garden. Attendees wishing to bring their families will find limitless pleasurable diversion both on-site at the 6 pools, fitness center and spa, and off-site at the nearby Sea World and Six Flags Fiesta Texas. Those who wish to shop will have opportunities to visit the nearby shops at La Cantera by shuttle and the San Antonio city shops on a day excursion.

The average high temperature in San Antonio in early October is 82°F with an average low of 60°F. You can dress for resort living, or you can dress for Texas, or you can do both. Whatever you choose, the sun is expected to shine and the evenings are expected to be delightful during our entire stay!

I cordially invite you to attend our AAIM 115th Annual Meeting. The scientific and social programs and the hospitable warmth of Texas will make your visit both rewarding and memorable for years to come.

Bob Watson

Robert Watson, MD

President, American Academy of Insurance Medicine

PROGRAM AT A GLANCE

DATE	ACTIVITY	TIME
SATURDAY, OCT 7	Various Committee Meetings	Throughout the day
	Board of Insurance Medicine Examinations	9:00 am - 12:00 pm
	Basic Mortality Methodology Course	12:00 pm - 5:00 pm
SUNDAY, OCT 8	Executive Council Meeting	7:30 am - 11:30 am
	Basic Mortality Methodology Course	8:00 am - 12:00 pm
	<i>Optional Event: Golf</i>	Tee times begin at 12:15 pm
	<i>Optional Event: Highlights of San Antonio Tour</i>	1:00 pm - 5:30 pm
	Welcome Reception	6:30 pm - 8:30 pm
MONDAY, OCT 9	Delegate Breakfast	7:00 am - 7:55 am
	Spouse/Guest Breakfast	8:00 am - 9:30 am
	Morning Scientific Sessions	8:00 am - 12:10 pm
	<i>Optional Spouse/Guest Event: Botanical Garden Tour and Private Preview Lunch at Boudro's</i>	9:30 am - 2:30 pm
	Delegate Lunch	12:10 pm - 1:30 pm
	Afternoon Scientific Workshops	1:30 pm - 4:45 pm
	Free Evening	
TUESDAY, OCT 10	Delegate Breakfast	7:00 am - 7:55 am
	Spouse/Guest Breakfast	8:00 am - 9:30 am
	Morning Scientific Sessions	8:00 am - 12:10 pm
	AAIM Luncheon and Business Meeting	12:10 pm - 1:30 pm
	Afternoon Scientific Workshops	1:30 pm - 4:45 pm
	Farewell Evening	6:30 pm - 10:30 pm
WEDNESDAY, OCT 11	Delegate/Spouse/Guest Breakfast	7:00 am - 9:30 am
	Morning Scientific Sessions and Workshops	8:00 am - 11:15 am

GENERAL INFORMATION

TRAVEL

By Air

San Antonio's International Airport is located 12 miles (approximately 15 minutes) from The Westin La Cantera Resort.

We have appointed American Airlines as the official airline of the AAIM 115th Annual Meeting taking place in San Antonio, Texas. Simply call American Airlines' toll free North American number (800) 433-1790, or visit www.aa.com to take advantage of special discounted airfares.

You must refer to CONVENTION NUMBER **A71H6AQ** when making your reservation to be eligible to receive a discount of up to 5% on the lowest airfare at the time of booking.

Car Rental and Ground Transportation

All of the major car rental companies have locations at the airport. AVIS is the preferred provider. To reserve a car from AVIS, call (888) 754-8878 or follow the link through our on-line registration form and quote the AVIS Worldwide Discount Number: **D005308**. Car rental counters are located in the baggage claim area with a shuttle service to the car lot.

Airport Express – SATrans operates the official airport shuttle for the San Antonio International Airport. Shuttles run daily between 7:00 am and 1:00 am. The cost for a one-way shuttle trip to The Westin La Cantera Resort is \$24.00 (\$40.00 round trip). Shuttle tickets are sold curbside, outside the baggage area, at Terminal 1 and Terminal 2.

Taxicabs – Metered service is based on \$1.60 during daytime hours (5:00 am – 9:00 pm) and \$2.60 during nighttime hours (9:00 pm – 5:00 am). Travel time to The Westin La Cantera Resort from the airport is approximately 15 minutes and the average fare is \$30.00. There is no extra charge for additional passengers. Rates are subject to change.

AMERICANS WITH DISABILITIES ACT

The Westin La Cantera Resort is accessible and usable by persons with disabilities. The hotel will provide aids or services that it has available or will attempt to provide such aids as required.

DRESS CODE

Resort or business casual is appropriate. The daily average high for October is 82°F and the daily average low is 60°F.

NON-SMOKING

All scientific sessions and social functions will be non-smoking.

ACCOMMODATIONS

The *Westin La Cantera Resort* offers 508 luxuriously appointed guest rooms featuring the acclaimed Heavenly Bed and Heavenly Bath, and includes more than 25 suites and an additional 38 spacious villa-style guestrooms. This elegant hilltop retreat—the only resort in South Texas where you will find 36 holes of golf—offers other exceptional amenities, including a spa, a magnificent, newly renovated Westin WORKOUT powered by Reebok fitness center, renowned dining options, and beautifully landscaped lagoon-style pools, creating a package unlike any other in San Antonio.

The AAIM 115th Annual Meeting room rate is **\$209.00 USD per traditional room, per night, single or double occupancy**. Rates are subject to state, local and occupancy taxes and resort service fee.

Your AAIM 115th Annual Meeting room rate includes:

- Starbucks regular and decaffeinated coffee provided daily
- USA Today Newspaper delivery (Monday – Friday)
- Access to Health Club Facilities
- Access to Tennis Courts
- Shuttle Service within the Resort, to The Palmer Course, Six Flags Fiesta Texas Theme Park and The Shops at La Cantera
- No charge for local phone calls
- No access charges for credit cards and 800 numbers

All reservations must be guaranteed by a credit card or a check equivalent to one night's room and tax, and will be required at the time of making your reservation. Charges for hotel accommodations and incidental expenses will be arranged directly with the hotel.

In order to secure your hotel accommodation, please complete and forward the enclosed Hotel Reservation Form to The Westin La Cantera Resort or telephone (210) 558-6500 or (800) WESTIN1 and ask for the AAIM 115th Annual Meeting rate.

Reservations received after Monday, August 28th, 2006 will be on a space and rate available basis only.

THE AMERICAN ACADEMY OF INSURANCE MEDICINE EDUCATIONAL MISSION

MISSION STATEMENT

To provide Insurance Medical Directors with quality education that develops and increases knowledge and skills used in life, health, disability and long-term care insurance. This will be accomplished by lectures, workshops, the Introductory Course for Medical Directors, the Triennial Review, Annual Scientific Program and other appropriate programs approved by the American Academy of Insurance Medicine.

The Academy will also endeavor to assist other organizations with an interest in insurance medicine and who provide quality education to their membership by providing joint sponsorship for approved programs.

OBJECTIVES

- To provide both new and experienced medical directors with the latest clinical and risk classification information for a wide variety of medical impairments
- To present important topics from our Core Body of Knowledge

ACCREDITATION

The American Academy of Insurance Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing education for physicians.

AMA PRA STATEMENT OF CME CREDITS

The American Academy of Insurance Medicine designates this educational activity for a maximum of 17.0 category 1 credits toward the AMA Physician's Recognition Award (PRA). Each physician should claim only those credits that he/she actually spent in the activity.

CONTACT INFORMATION

For more information about the AAIM 115th Annual Meeting, contact the AAIM Executive Secretary

BASIC MORTALITY METHODOLOGY COURSE DETAILS

COURSE INSTRUCTORS

Martin Engman, MD & Thomas Ashley, MD, FACP

OBJECTIVE

The objective is to provide medical directors with a working knowledge of life table analysis and the technical skills needed to objectively evaluate mortality data and enable them to advise life insurers regarding mortality risk assessment.

PROGRAM

This course is open to physicians, AAIM members, nurses and other insurance professionals with requisite medical knowledge; however, priority will be given to medical directors. Attendance is limited to the first twenty registrants. Participants will be guided through the methodologies commonly used in mortality analysis, perform life table calculations, calculate mortality ratios and confidence intervals, learn about select relative mortality ratios and be introduced to methods used to revise disease probability on the basis of test results. A significant amount of reading will be required of participants prior to the classroom session. Following receipt of the completed registration form and the fee (US dollars), a course syllabus and homework assignment will be sent to each participant.

AMA PRA STATEMENT OF CME CREDITS

The American Academy of Insurance Medicine designates this educational activity for a maximum of 8 category 1 credits toward the AMA Physician's Recognition Award (PRA). Each physician should claim only those credits that she / he actually spent in the activity.

HOMEWORK ASSIGNMENT

The homework assignment is to be completed and sent to the instructor at least **three weeks prior to the course date. It must be received by September 16, 2006.** The homework assignment is mandatory and makes up a significant component of the student's final grade.

CLOSING DATE

The closing date for registration is **August 15, 2006. Attendance is limited to the first twenty registrations with payment received.**

CONTACT INFORMATION

Questions specific to Basic Mortality Methodology course content can be directed to either

Dr. Martin Engman at mlengman@medicalriskconsultants.com, (260) 486-7542
or to Dr. Tom Ashley at tashley@genre.com, (203) 352-3018

REGISTRATION

Registration is available on-line at www.aaimedicine.org, or by completing the enclosed registration form. Please be sure to complete both pages of the form. Payment can be made either by credit card, or check / money order payable to the American Academy of Insurance Medicine. Note: All registration fees are payable in US dollars.

Basic Mortality Methodology Course Fee Includes: Course materials, refreshments, and a continental breakfast on Sunday.

Delegate Registration Fee Includes: Attendance at all scientific sessions (pre-conference course not included), all registration material, 3 Breakfasts (Monday, Tuesday and Wednesday), 2 Lunches (Monday and Tuesday), Sunday Evening Welcome Reception and Tuesday Farewell Evening.

Spouse/Guest Fee Includes: (not available as a one day option) 3 Breakfasts (Monday, Tuesday and Wednesday), Sunday Evening Welcome Reception and Tuesday Farewell Evening.

Underwriter Fee Includes: Attendance at all scientific sessions (pre-conference course not included), all registration material, 3 Breakfasts (Monday, Tuesday and Wednesday) 2 Lunches (Monday and Tuesday), and Sunday Evening Welcome Reception.

One Day Fee Includes: Attendance at the scientific sessions, breakfast and lunch and all registration material for either Monday or Tuesday.

Cancellation Policy

Registration fees less a \$45.00 administration fee will be issued for cancellations received by September 1st, 2006. No refunds will be issued after this date. If you are unable to attend, you may substitute someone in your place. All cancellations and substitutions must be received in writing. Refunds will be issued after the conference.

Social activity descriptions are valid as of July 1st, 2006 and are subject to change. All social activities are subject to a minimum number of participants and may need to be changed or cancelled. In the event of cancellation, participants will be notified in writing and a full refund will be issued.

OVERVIEW OF 2006 SCIENTIFIC PROGRAM

**Daily Schedule as of July 1st, 2006 (Times, topics and speakers subject to change)*

MONDAY, OCTOBER 9

8:00 – 8:15 **Greetings / Business**

8:15 – 9:10 **CRP as a Risk Factor for Cardiovascular Disease and Mortality**

Platform Speaker: *Clifton Titcomb Jr., MD*

Vice President, International Medical Risk Consultants

- Briefly review the medical literature regarding C-reactive protein as a marker for cardiovascular events and death
- Discuss the current status, including pros and cons, regarding CRP as an underwriting screening tool for the risk of cardiovascular disease and death
- Briefly discuss current clinical uses of CRP

9:10 – 10:05 **Congenital Heart Disease**

Platform Speaker: *Gordon Cumming, MD*

Vice President and Medical Director, Great West Life Living Benefits

- Review the more common types of congenital heart disease, including the long-term mortality outcomes associated with each
- Discuss the mortality outcomes associated with common treatment modalities for different types of congenital heart disease

10:05 – 10:20 **Break**

10:20 – 11:15 **Malignancy Pearls**

Platform Speaker: *Jack Swanson, MD*

- Discuss types of underwriting information that should serve as 'red flags' for risk of current or future cancer
- Discuss some of the most useful points in determining mortality risk for common cancers
- Review key factors for assessing risk of recurrence in common cancers of underwriting concern

11:15 – 12:10 **Executive Function, Predictive Factor for Cognitive Decline and Dementia**

Platform Speaker: *Donald Royall, MD*

Professor, Dept. of Psychiatry, and Chief, Division of Aging and Geriatric Psychiatry, University of Texas Health Science Centre at San Antonio

- Define Executive Function and discuss its value as a predictive factor for cognitive decline, dementia and death
- Review some of the available tools for testing Executive Function, including their pros and cons
- Discuss the relationship of Executive Function to normal aging, Mild Cognitive Impairment (MCI), Alzheimer Disease and Vascular Dementia

OVERVIEW OF 2006 SCIENTIFIC PROGRAM

**Daily Schedule as of July 1st, 2006 (Times, topics and speakers subject to change)*

MONDAY, OCTOBER 9 (continued)

- 12:10 – 1:30** **Lunch / History & Portraits, Medical Luminaries**
 Platform Speaker: *Venita Jay, MD*
Medical Director & Consultant, Manulife Financial
- Present portraits and interesting and relevant information about a selection of influential individuals in the history of medicine
- 1:30 – 2:30** **Cutaneous Lymphomas**
 Workshop Speakers: *Robert Coates, MD, FLMI, Medical Director, RGA & Aldolphus Favors, MD, Medical Director, GE Financial Assurance*
- Discuss the classification and immunophenotyping of cutaneous lymphomas
 - Discuss the prognostic and survival data regarding cutaneous lymphomas
 - Apply the presented data to the cutaneous lymphoma cases
- Executive Function as a Predictor of Cognitive Decline**
 Workshop Speaker: *Donald Royall, MD*
Professor, Dept. of Psychiatry, and Chief, Division of Aging and Geriatric Psychiatry, University of Texas Health Science Centre at San Antonio
- Using case examples, discuss the use of Executive Function testing to evaluate symptoms of early cognitive decline
 - Compare and contrast the value of Memory testing vs. Executive Function testing in evaluating individuals with evidence of cognitive decline
- 2:30 – 3:30** **Congenital Heart Disease in Adults – Case Studies**
 Workshop Speaker: *Gordon Cumming, MD*
Vice President and Medical Director, Great West Life Living Benefits
- Using case examples, discuss some of the common types of congenital heart disease, both treated and untreated, that may be present in an adult insurance applicant population
 - Present the current mortality outcome data for adults with evidence of repaired or unpaired congenital heart disease
- Pros and Cons of PSA Screening**
 Workshop Speakers: *Rodney Richie, MD, FACP, FCCP*
Medical Director, Texas Life Insurance & Jack Swanson, MD
- Present supporting arguments both for and against the use of PSA as a screening test for the risk of prostate cancer
 - Discuss the pros and cons of newer prostate cancer screening markers
- 3:30 – 3:45** **Break**

OVERVIEW OF 2006 SCIENTIFIC PROGRAM

**Daily Schedule as of July 1st, 2006 (Times, topics and speakers subject to change)*

MONDAY, OCTOBER 9 (continued)**3:45 – 4:45****Pros and Cons of PSA Screening (Repeat)**

Workshop Speakers: *Rodney Richie, MD, FACP, FCCP*
Medical Director, Texas Life Insurance &
Jack Swanson, MD

- Present supporting arguments both for and against the use of PSA as a screening test for the risk of prostate cancer
- Discuss the pros and cons of newer prostate cancer screening markers

Legal Issues for Medical Directors and Underwriters

Workshop Speaker: *Daniel Perkins, JD, MBA, FALU*
Vice President, Risk Management, SCOR Life U.S. Re Insurance Co.

- Illustrate the most useful ways that medical directors and underwriters can prepare themselves to be credible expert witnesses
- Use case examples to discuss ways that medical directors and underwriters can best represent their companies in regard to legal issues
- Discuss the value in legal settings of medical directors and underwriters contributing to the scientific literature

TUESDAY, OCTOBER 10**8:00 – 8:15****Greetings / Business****8:15 – 9:10****BNP as a Predictor of CV and All-Cause Mortality**

Platform Speaker: *Gregg Anders, DO*
Medical Director, Chest Pain Unit, Brooke Army Medical Centre,
Fort Sam Houston, San Antonio, Texas

- Give an overview of the current status of BNP as a marker/risk factor for cardiovascular and all-cause mortality
- Discuss the value of BNP as a screening tool for cardiovascular disease
- Discuss the current use of BNP as a clinical management tool

9:10 – 10:05**Renal Insufficiency and GFR – Predictors of CV and All-Cause Mortality**

Platform Speaker: *James Simon, MD*
Chief, Department of Nephrology, Brooke Army Medical Centre,
Fort Sam Houston, San Antonio, Texas.

- Discuss the role of renal insufficiency and GFR as markers/risk factors for cardiovascular disease and death and for all-cause mortality, with an emphasis on their predictive value at older ages
- Discuss the long-term mortality findings associated with mild to moderate degrees of renal insufficiency, with an emphasis on outcomes in the elderly
- Compare the accuracy of calculated GFR using serum creatinine and build to GFR measured by 24 hour urine collection studies

OVERVIEW OF 2006 SCIENTIFIC PROGRAM

**Daily Schedule as of July 1st, 2006 (Times, topics and speakers subject to change)*

TUESDAY, OCTOBER 10 (continued)

- 10:05 – 10:20** **Break**
- 10:20 – 11:15** **ECG Patterns Predictive of Sudden Cardiac Death, That Every Medical Director Should Recognize**
Platform Speaker: *Ross MacKenzie, MD, FRCP(C), FACC*
President, Ross MacKenzie Consulting
- Review some of the important resting ECG findings associated with increased risk of sudden cardiac death
- 11:15 – 12:10** **MMLC Intercompany Build Study Results**
Platform Speaker: *Thomas Ashley, MD, FACP*
Vice President and Chief Medical Director Gen Re LifeHealth
- Review the MMLC Intercompany Study findings on Build and discuss the implications for underwriting and the insurance industry
- 12:10 – 1:30** **Lunch**
- 1:30 – 2:30** **CBC Pearls**
Workshop Speaker: *Bradley Heltemes, MD*
Vice President and Medical Director, RiverSource Insurance Company
- Present case samples that illustrate some of the common CBC abnormalities that may occur in the setting of underwriting; discuss the concerns of mortality risk assessment that associated with these abnormalities
- Diabetes Mellitus Case Studies**
Workshop Speaker: *Alison Moy, MD*
Medical Director, Liberty Mutual Group
- Using case examples discuss the cardiovascular and mortality outcomes of high risk type 2 diabetics, i.e. those with known CAD or a history of previous MI
 - Discuss the long-term mortality outcomes associated with intensive insulin therapy in the acute hospitalization
 - Review the spectrum of albuminuria and progressive renal disease and cardiovascular outcomes in type 1 and 2 diabetics
- 2:30 – 3:30** **ECG Case Studies**
Workshop Speakers: *Ross Mackenzie, MD, FRCP(C), FACC*
President, Ross MacKenzie Consulting &
Rosalie Mastropolo, MD
Vice President and Medical Director, Swiss Re Life & Health
- Present and discuss case studies that illustrate findings on resting ECGs that are of interest in regard to mortality risk assessment in a population of insurance applicants
 - Discuss case examples where available echocardiographic results may or may not be helpful in assessing the risk associated with abnormal resting ECGs

OVERVIEW OF 2006 SCIENTIFIC PROGRAM

**Daily Schedule as of July 1st, 2006 (Times, topics and speakers subject to change)*

TUESDAY, OCTOBER 10 (continued)**2:30 – 3:30****Diabetes Mellitus Case Studies (Repeat)**

Workshop Speaker: *Alison Moy, MD*
Medical Director, Liberty Mutual Group

- Using case examples discuss the cardiovascular and mortality outcomes of high risk type 2 diabetics, i.e. those with known CAD or a history of previous MI
- Discuss the long-term mortality outcomes associated with intensive insulin therapy in the acute hospitalization
- Review the spectrum of albuminuria and progressive renal disease and cardiovascular outcomes in type 1 and 2 diabetics

3:30 – 3:45**Break****3:45 – 4:45****CBC Pearls (Repeat)**

Workshop Speaker: *Bradley Heltemes, MD*
Vice President and Medical Director, RiverSource Insurance Company

- Present case samples that illustrate some of the common CBC abnormalities that may occur in the setting of underwriting; discuss the concerns of mortality risk assessment that associated with these abnormalities

ECG Case Studies (Repeat)

Workshop Speakers: *Ross Mackenzie, MD, FRCP(C), FACC*
President, Ross MacKenzie Consulting &
Rosalie Mastropolo, MD
Vice President and Medical Director, Swiss Re Life & Health.

- Present and discuss case studies that illustrate findings on resting ECGs that are of interest in regard to mortality risk assessment in a population of insurance applicants
- Discuss case examples where available echocardiographic results may or may not be helpful in assessing the risk associated with abnormal resting ECGs

OVERVIEW OF 2006 SCIENTIFIC PROGRAM

**Daily Schedule as of July 1st, 2006 (Times, topics and speakers subject to change)*

WEDNESDAY, OCTOBER 11

8:00 – 8:15 **Greetings / Business**

8:15 – 9:10 **Prostate Cancer**

Platform Speaker: *Ian Thompson, MD*

Chair, Department of Urology, University of Texas Health Science Centre at San Antonio, Department of Urology

- Discuss long-term mortality outcomes associated with different treatment modalities for prostate cancer
- Discuss long-term mortality outcomes associated with risk factors and findings at time of diagnosis of prostate cancer, including stage, grade, family history, etc.
- Discuss the long-term cancer risk related to HPIN and the value of estrogen modulators in reducing progression to disease and death

9:10 – 10:05 **Update on Hypertension and Mortality Risk**

Platform Speaker: *Rodney Richie, MD, FACP, FCCP*

Medical Director, Texas Life Insurance Company

- Discuss the long-term mortality risk associated with hypertension at different ages and in different populations
- Review changes in mortality outcomes that have been observed in association with using different treatment modalities for hypertension
- Review changes in the incidence and prevalence of hypertension

10:05 – 10:20 **Break**

10:20 – 11:15 **MMLC Intercompany Diabetes Mellitus Study Results**

Platform Speaker: *Anthony Millano, MD, MA, MPH*

Consultant, Milano Life Expectancy Services, Inc.

- Review the MMLC Intercompany Study findings on Diabetes Mellitus and discuss the implications for underwriting and the insurance industry

THANK YOU

As chairs of the AAIM 115th Annual Meeting Scientific Program Committee, we would like to thank those who participated in this year's development of the program and selection of its speakers.

SOCIAL ACTIVITIES

SUNDAY, October 8

Golf at The Westin La Cantera Resort

Winding through the Texas Hill Country, the par-72 course has been named one of the Top 10 public access golf courses in the U.S. by Golf Magazine and one of the best new courses by Golf Digest, and will challenge your skills from tee to green.

The course, now home to the PGA Tour's Valero Texas Open at La Cantera, is known for its breathtaking views – the most famous being the sheer, 80-foot drop from the 7th tee to the fairway – and offers spectacular views of the roller coaster at Six Flags Fiesta Texas Theme Park and the downtown San Antonio skyline.

Tee times: 12:15 pm to 12:51 pm

Price: \$170 per player. Includes 18 holes of golf, motorized cart, and range privileges prior to play

Highlights of San Antonio Tour

Hop aboard for a unique and exciting tour of the Alamo, Mission San José and Mission Concepción, followed by a visit to the market square and a boat tour on the San Antonio River. The Alamo is the most famous spot in Texas, where David Crockett, Colonel William Barrett Travis, Jim Bowie and 186 others died fighting for independence on March 6, 1836.

The San Antonio River is three miles of winding natural beauty. Lined with hundreds of shops, boutiques and tropical foliage, it's no wonder it's been called the romantic highlight of San Antonio.

Buses depart at 1:00 pm and return at approximately 5:30 pm

Price: \$45.00. Includes cold refreshments, Missions, Alamo, Market Square, and Riverwalk boat tour.

MONDAY, October 9

San Antonio Botanical Garden Tour and Private Preview Lunch at Boudro's

Join us for a tour of San Antonio's beautiful Botanical Garden and a private preview of the upcoming *New World Wine and Food Festival*.

The San Antonio Botanical Garden is an oasis of beauty in the heart of urban San Antonio. It is a unique living museum - 33 acres showcasing colorful floral displays, true-to-Texas native areas, and stunning modern glass pyramids filled with tropical plants and desert specimens.

In conjunction with *Boudro's*, Chef Brian Randolph will dazzle you with his menu selection paired with award-winning wine from Texas' own Becker Vineyards. Dr. Becker himself will also be there to enhance your wine and food experience.

Buses depart at 9:30 am and return at 2:30 pm

Price: \$85.00. Includes transportation, guided tour of Botanical Garden and Private Preview Lunch at Boudro's.

EVENING PROGRAM

SUNDAY, October 8

Welcome Reception

Join us for a relaxed evening outdoors socializing with colleagues, making new acquaintances and enjoying the chance to “catch-up”. Take in the picturesque view while tantalizing your taste buds. Complete your evening by watching the breathtaking Texan sunset.

TUESDAY, October 10

Farewell Evening

A fun-filled Tex-Mex evening awaits you! Enjoy a delectable dinner served in The Plaza San Saba at the Resort and experience the uniquely Texan sounds of “Texas Swing”. Wrap up your stay in San Antonio with a chance to say goodbye to friends – old and new – and to make plans to meet again in 2007.

**The “Welcome Reception” and the “Farewell Evening” are included as part of the Delegate and Spouse/Guest registration fee. Additional tickets may be purchased for the “Welcome Reception” and “Farewell Evening”. Please see the Registration Form for details.*

BECOMING A MEMBER OF AAIM

ABOUT AAIM

The American Academy of Insurance Medicine (AAIM) is among the oldest medical specialty organizations in the United States. Our physician members typically serve as medical directors to insurance companies. Members may serve these companies as advisors for underwriting and consultants for claims and disability management. Other roles include medical and actuarial research, underwriting guideline development, employee health education and care, and as a professional liaison to the medical community, legislative bodies and regulatory agencies.

AAIM LOOKS TO THE FUTURE

AAIM believes that medical science, especially the science of mortality and morbidity, is the basis for the practice of insurance medicine. Insurance medicine professionals must use that science to support the insurance industry in providing fair and accurate pricing, underwriting and claims service for its customers.

AAIM believes that insurance medicine will continue to play a unique and valuable role by integrating the science of medicine with the business of insurance. We will continue to support this role to help ensure that the public receives the optimum value that insurance products can bring, along with the fair and ethical consideration that each individual deserves.

MEMBERSHIP INFORMATION

Membership is open to physicians who are Medical Directors of insurance companies, nurses, underwriters, medical consultants and other professionals working in insurance medicine, as well as to affiliates who have a professional interest in insurance medicine

PROGRAMS AND SERVICES

- Journal of Insurance Medicine
- AAIM Internet Website
- AAIM Scientific Meeting
- Triennial Course in Insurance Medicine
- Diplomate Recognition in Insurance Medicine
- Representation in the American Medical Association House of Delegates
- Introduction to Insurance Medicine Course
- Basic and Advanced Mortality Courses
